About us:

International Association of Plumbing and Mechanical Officials

International Association of Plumbing and Mechanical Officials (IAPMO) was founded on May 17, 1926. Its world headquarters is located at Ontario, California, USA. IAPMO is a 92 year old non-government organization (NGO) and non-profit association serving the industry. IAPMO is devoted to Health and Safety, primarily in the Plumbing and Mechanical fields. It is also a founding organization of the World Plumbing Council (WPC).

IAPMO is recognized world over for its Codes and Standards. With offices in 11 states and seven countries, IAPMO has assisted with code development in such diverse places as Saudi Arabia, China, Jordan, Egypt, Israel, Vietnam, Indonesia, Philippines, Venezuela, Columbia, United Arab Emirates and India.

www.iapmo.org

IAPMO India

IAPMO Plumbing Codes and Standards India Private Limited (known as IAPMO India) was founded in 2007 with offices at Bengaluru and Pune. This resulted in IAPMO India and the Indian Plumbing Association (IPA) working together to develop latest and comprehensive plumbing codes and training and education programs for code based plumbing installations and maintenance for all of India. IAPMO, with its expertise and experience of past 92 years, assists IAPMO India in this endeavour.

Certified Service Technician Programme

IAPMO India has launched “*Certified Service Technician*” (CST) program for residential water treatment systems. This program is intended for Installers and Service technicians for Point-of-Use systems (Water purifiers). The goal of CST program is to create a pool of skilled professionals readily available to industry manufacturers & dealers and provide companies with an additional resource to further train their current employees. This program can also be supported by schools and universities, industry manufacturers, consulting organizations, trade associations and other training providers to support the growing demand for skilled water treatment professionals. One of the uniqueness of this program is that training delivery is in Indian regional languages viz. Hindi, Gujarati, Tamil, Telugu and others.
