

IAPMO Plumbing Codes & Standards India Pvt Ltd

#43, 4th floor, PMR Towers, Beretena Agrahara, Near Hosa Road Junction,
Hosur Main Road, Bangalore – 560 100

CERTIFICATE OF LISTING

IAPMO Plumbing Codes and Standards India Private Ltd. (aka IAPMO India) is a product certification body which lists and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO India of the product acceptance by Authorities Having Jurisdiction.

Licensee: Watertec (India) Pvt Ltd - Unit- I, 10/60 C, Sengodagoundan Pudur, Sulur Road, Muthugoundan Pudur Post, Coimbatore - 641406

File No: IN-1095

Product: Pressurized Flushing Devices

Effective Date: March 2021

Void After: March 2022

IDENTIFICATION:

The products shall bear permanent legible markings to identify the manufacturer, the trade name, registered trademark, or other mark(s) known to identify the manufacturer. Each product and its packaging shall also be marked identifying its water consumption expressed in terms of liters per flush (lpf). All required markings shall be located where they can be readily legible after installation is complete. Products and its packaging shall also bear the UPC-I and WEP-I star rating certification mark.

As the product was not tested on all models of water closets, installation instructions shall include the statements, "This product is tested at the factory setting of flush volume control knob adjusted at 50%, the performance of the product may vary if the factory setting is altered".

CHARACTERISTICS:

Pressurized flush valves allow the user to flush either the entire contents of the tank or a pre-set lower volume of water by use of a selector control actuator and release. These products are to be installed in accordance with the manufacturer's installation instructions. Products comply with the applicable sections of the latest edition of the Uniform Illustrated Plumbing Code – India, 2017 Water Efficient Products – India (WEP-I) specification and, and IGBC Rating Systems. Products are manufactured in compliance with ASME A112.1037-2015. Sample products were tested by an IAPMO India recognized laboratory that was found compliant to the applicable requirements of ISO/IEC 17025.
